

KU SBDC Starting Your Own Successful Business and Business Planning Workshop Series Webinars

The following are the dates of the Webinars:

- 1/17/07 Starting Your Own Successful Business: Business Assessment
- 1/23/07 Business Planning I
- 1/30/07 Business Planning II
- 2/06/07 Business Planning III
- 2/13/07 Business Planning IV

The workshops will be held online using the KU SBDC's new web conferencing software, WebEx. WebEx provides an interactive workshop setting by using audio, video, PowerPoint, polling, file sharing and live computer application sharing. Participants simply need separate Internet and phone connections. The Internet portion is accessed through a link provided before the workshop, and the audio portion is accessed by dialing a toll free phone number. Participants with webcams are also welcome to share their video feeds to enhance the webinar. The webinars can be accessed from any computer and only require downloading a secure plug-in from WebEx.

Registrations can be found at
